

Polyolefin Heat Shrink Sleeve "VHS" is a versatile thermoplastic tubing designed to shrink tightly around cables, wires, and various components when heated, providing excellent insulation and protection.

This sleeve is widely used in applications where environmental protection, strain relief, and electrical insulation are essential.

With its high resistance to abrasion, chemicals, and moisture, it ensures long-lasting durability in harsh environments.

Once heated, the sleeve uniformly shrinks to create a snug, secure fit, protecting sensitive connections and extending the life of electrical components.

The sleeve's flame-retardant properties further enhance its safety, making it suitable for a variety of high-performance industries.

Item Code	Size	Price
	mm	Per Mtr
VHS1	1	4.00
VHS1.5	1.5	4.50
VHS2	2	5.00
VHS2.5	2.5	6.50
VHS3	3	7.00
VHS3.5	3.5	7.50
VHS4	4	9.00
VHS5	5	11.00
VHS6	6	13.00
VHS8	8	15.00
VHS10	10	17.00
VHS12	12	20.00
VHS14	14	25.00
VHS15	15	28.00
VHS16	16	34.00
VHS18	18	44.00

Item Code	Size	Price
	mm	Per Mtr
VHS20	20	55.00
VHS22	22	65.00
VHS25	25	75.00
VHS30	30	102.00
VHS35	35	136.00
VHS40	40	155.00
VHS45	45	180.00
