

Made of PVC material and with Polyester Thread Reinforcement, the Hose is a multipurpose pressure resistant hose that can be used on a variety of fluids, including water, air, oil and chemicals. More transparent, lighter and Economical than rubber.

The Phoenix PVC Braided Hose is easy to cut and couplings can be easily inserted for improved hose installation efficiency.

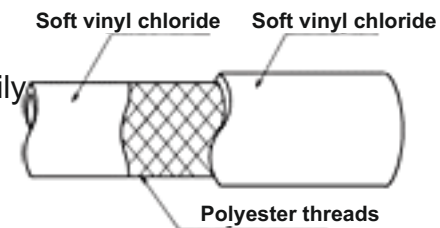

The Phoenix PVC Braided Hose handles oil better way for a longer service life.

Unlike rubber hoses, the transparent Phoenix PVC Braided Hose allows good visibility inside so verification is quick.

**Temperature:** - 10°C to +60°C

#### Application:

- Air / Pneumatic Pumps.
- Transportation of air by compressor.
- Industrial use where application of air / water is required.

# Phoenix
